

COLLECTION

HEP S

collection

2022

A good design must be reflective of its time.
Language Of Life.

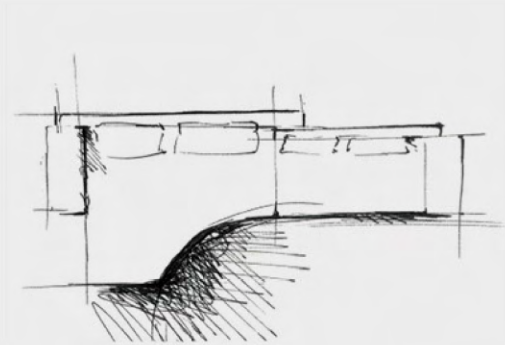

HEP S has been an international leader in the field of contemporary furnishings since 1993. Since then, its collection has progressively acquired new products that are acknowledged and recognized worldwide, to fill the ranks alongside evergreen products now seen as icons of design history. Through its product range, Hep s has shown that it can offer a meaningful contribution to the culture of design by perceiving and anticipating trends and responding to changing tastes and living needs.

Our global design team is the talent group that along with the company's internal Research and Development Centre, contributed to the international success of Hep s.

Art Of Design

Hep s has always insisted that superior materials must be equipped with advanced international industrial manufacturing advanced equipment and technology. As early as the last century, it was the first to introduce European advanced equipment production lines, as well as rigorous and outstanding traditional manual craft standards, so that the products have international production level.

We are considering the depth of life with art, trying to perform more humanistic care with the artistic meaning. Living room is an architecture which can not only meet the basic need of life, but can enjoy nature adequately. Hep s gives you the power to create environments in which exceptional design meets advanced functionality-just the sort of thing that hospitality specialists appreciate most.

HEP S HOME

We are considering the depth of life with art, trying to perform more humanistic care with the artistic meaning. Living room is an architecture which can not only meet the basic need of life, but can enjoy nature adequately.

AD-S866

The finely contoured shell accommodates the seat, opening up like a corolla to host the original roller feature of the backrest. Formal solutions reminiscent of sculptures and the balance between the rigid structure and the suspended volume give life to seats with a soft, enveloping look.

The family comprises a three-seater sofa, an armchair and swivel lounge armchair, available with leather shell and fabric upholstered seat and backrest, or with total fabric or leather covering.

Conceived as precious details to streamline and lighten the design, the steel feet jetting out from underneath sport a Black-Nickel finish. The swivel base of the lounge armchair is available in the same finish.

DINARD

AD-S882

Dinard is a contemporary take on the living room with a versatile system that can be endlessly rearranged as well as backrests and seat cushions which slot smoothly in each other in a triumph of overlapping shapes that is not only aesthetically pleasing but also functional.

Dinard expresses its light-hearted spirit with BYBORRE covering, the textile project created by the Dutch textile innovation studio with a yarn that combines very high quality wool and recycled PES. Seat cushions and backrest in high-density polyurethane which guarantees perfect moisture regulation, ideal warmth control, first class pressure relief and high elasticity.

Premium- A top-of-the-line premier quality edit for the most discerning customers. Ageless fabrics that bring to the fore the beauty of the products, imbuing their surrounds with an exclusive aura.
